Rogue video advertisers: We have experienced some issues with rogue video advertisers that should now be resolved, please [contact us](#) if you encounter a video advert longer than one minute that you cannot skip. We apologise for this inconvenience.

Additional notes
Your Windows 7 Taskbar, Desktop and System Tray will probably have different icons on them. This is perfectly normal, it all depends on what you have installed on your machine.

Get this tutorial and 42 others in high resolution and advert free with our Windows 7 Superguide. [Click here to find out more.](#) Get Windows 7 Superguide 1 and 2 in one bumper value pack with the Windows 7 Gigaguide, [click here to find out more](#)
